## Run away with us or take a team to the TCS New York City Marathon

Good leaders are trailblazers, making a path for others to follow. Great leaders, however, inspire their people to reach higher, dream bigger, and achieve greater.

Perhaps the most important leadership skill you can develop is the ability to provide inspiration to your team. If you inspire them to reach for the stars, they just might bring you back the moon.

Anna Liptak, trainer from Adelaide has been taking her clients all over the world for 12 years - she has a 90% retention rate. Many of her clients have been with her since the start!
